# From the Desk of Kitchenbrandsloft

By Mark Kitchenbrand

Saying goodbye to a pigeon fancier that has crossed to the other side and that one has known as a fancier member is always sad- sad because it's a reminder for all of us that our time on this planet is only temporal. It's different however, to say goodbye when a true friend of the Pigeon Fraternity has passed away and that person which in this case the late Gigi Gaddin, was also your friend.

Although the memory of his live and person will always be with us, Gigi's presence will also be felt in the pigeon legacy that he has left behind. Gigi's extra-ordinary achievements in Pigeon Racing and One-Day Loft Racing have made him one of South Africa's greatest sons and a role-model to us all.

Many overseas participants will attest to the fact that competition in One-Day Loft Races in South Africa is not a walk in the park. And while many Champion overseas fanciers were dominating the better position, Gigi held the South African record of winning 16 One-Day lofts. That is apart from more positions within the top 3 or 5. The performance record behind Gigi's success is the direct result of the finest quality pigeon stock he kept at Soetdoring Loft. We often spoke at length about the importance of obtaining top pigeon genetics and Gigi's pigeon ambition was very clear. His selections were made at the highest international standard.

He targeted famous pigeon families such as the birds of: George Oswald, Wilhelm Stoll, and Super Crack Crusson. He also raked in a few top birds from the SAMDPR sales e.g. De Rauw Sablon, Gabi Vandenabeele, Jos Thone and Gerhard Koopman. From Kitchenbrandsloft Gigi acquired 3 direct Children of Birdy. And a Cock named 'King' bred of the combinations of Zander, Azurit and Raubritter. It does Kitchenbrandsloft proud to note some of them at the very beginning of the pedigree of 'MIX' the SAMDPR break-away winner that has stunned the World in winning the 2018 SAMDPR race.

The reserve prices at Gigi's auction are justified by the investment of building up the family to the quality it is now. Had this auction been in Belgium the demand for the offspring of key pigeons from the gene pool would be astronomical! There is no price limit to a pigeon of extra-ordinary quality – that is why I paid €360,000 (R4.94 million) for 'Golden Prince'. Call me crazy, it's actually called pigeon ambition – the same ambition Gigi had! For this reason I will not miss this auction and hope to see you all there, just one Gigi pigeon can upgrade your loft!

Yours in Pigeon Racing,

Mark Kitchenbrand (083 3810 212)  
(International Co-ordinator)

## From the Desk of the Gaddin Family

By Jo-Anne Aviv, eldest daughter of the late Gigi Gaddin

As far back as I can recall there were pigeons cooing in our backyard. Some of my earliest childhood memories in Marble Hall were of scouring the sky for hawks as we'd wait for the birds to come in, the novelty of counting down to the strike, as the fanciers set their wooden clocks together for the races and being taught as a little girl to mouth-feed orphaned baby pigeons. More recent memories involve my own family gathering annually to watch, live on-line from Israel, as the pigeons came in for the South African Million Dollar Pigeon Race. My father, Gigi, shared his pigeon passion with all of us right up until his last hours, which sadly, came to an end on the 1st of March this year. Our beloved dad passed away after a brief illness. He left behind, amongst his numerous unforgettable traits, a pigeon legacy second to none, that had ended just a month previously, with the highest accolade of the pigeon racing fraternity, his win at the Sandpr!

It is with heavy hearts that our family, after realizing that without his leadership and passion are unqualified to uphold his exceptional standing in the pigeon racing fraternity, has decided to end this chapter of our lives on that high note. This auction is our last bid to honour our father's pigeon racing legacy, and we hope that the prices fetched for his birds will reflect the value that he placed on them and be respectful to his memory. Our father, Gigi, never withheld when it came to bringing in the best genes gathered from all the corners of the earth. This costly effort has led to the greatest gene pool of racing pigeons in South Africa and on a par amongst the best of the world!

On this profound occasion, the auction that will effectively bring to an end our family's pigeon racing days, we would like to take the opportunity to thank each and every one that knew our father Gigi and shared with him their mutual love of the sport. The immense joy you brought him over the years and especially the support shown in the most trying moments of his final battle was an indescribable show of love and friendship that we will never forget. I would also like to express our sincere gratitude to the late Gigi Gaddin's team members, his brother Raymond Gaddin, Charl Stander and Sello Taunyane for their many years of dedication and hard work. We wish you continued success going forward.

Finally on behalf of my sisters Lorna and Davina, our step-mother Glenda and myself, as well as all the Gaddin family, I would like to wish the prospective buyers the best of luck in their forthcoming pursuits and hope that the pigeons purchased at this auction will enrich lofts in South Africa and worldwide, and continue to dazzle their owners in their unmatched superiority in one-loft race performances across the planet.

Kind Regards,  
Jo-Anne Aviv
