SANSOM LOFTS

Strain/Family
AFTOON DE NORRE

Remarks
1079 has a very strong De Norre presence in his pedigree, being bred from a 3rd generation inbred Aftoon Sire mated on the dam's side to a 3rd generation aftoon Daughter. This credits him with the maternal genes often credited with passing down elite racing intelligence. 1079 is not standard out crossing, this is precision linebreeding to this winning family. Do not miss your chance to inject dominant winning genes into your Loft!
